REMARKS

The Office Action mailed on July 13, 2006 has been carefully considered. Accordingly, the changes presented herewith, taken with following remarks, are believed sufficient to place the present application in condition for allowance. Reconsideration is respectfully requested.

Claims 1-44 are currently subject to an election requirement. The Examiner has asserted that following figures represent patentably distinct species of the claimed invention for which there is no generic claim:

Election 1: Infusion Source	**Election 2: Accumulator**	
Species I – FIG. 1	Species i – FIG. 3	Species ii – FIG. 4
Species II – FIG. 2	Species iii – FIG. 5	Species iv – FIG. 6

Applicants elect, without traverse, Species I (FIG. 1) from Election 1 and Species i (Figures 3) from Election 2. Accordingly, Applicants elect prosecution of claims 1-5, 7, 9-11, 14-18, 20, 22-24, 29-33, 35, 37-39, and 41-44, claim 1 being generic. Claims 6, 8, 12-13, 19, 21, 25-28, 34, 36, and 40 are withdrawn without prejudice. Claims 1, 3, 16, and 29-40 (which includes withdrawn claims 34, 36, and 40) have been amended to correct certain informalities therein and to further point out subject matter which Applicants regards as their invention. These amendments add no new matter to the originally filed application.

CONCLUSION

Based on the foregoing, Applicants respectfully assert that the claims now pending are allowable over the prior art. Therefore, Applicants earnestly seek a notice of allowance and prompt issuance of this application.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 502317.

Respectfully submitted,
Advanced Medical Optics
